

Guidelines for Patient Registration Based on ABHA Health Id.

This document lists ABHA ID functionalities added in e-Hospital. Users are advised to use this document as a reference to register the patient through “ABHA ID”.

Summary of New Features:

1. Registration using Counter based QR Code (Shared Profile)
2. A) Registration using ABHA I'd Authentication
B) Creation of ABHA id
3. Registration using scanning of QR code of ABHA Id Card
4. Re-visit registration using ABHA I'd.
5. Patient don't want to Create ABHA.
6. Link ABHA I'd with existing registered patient

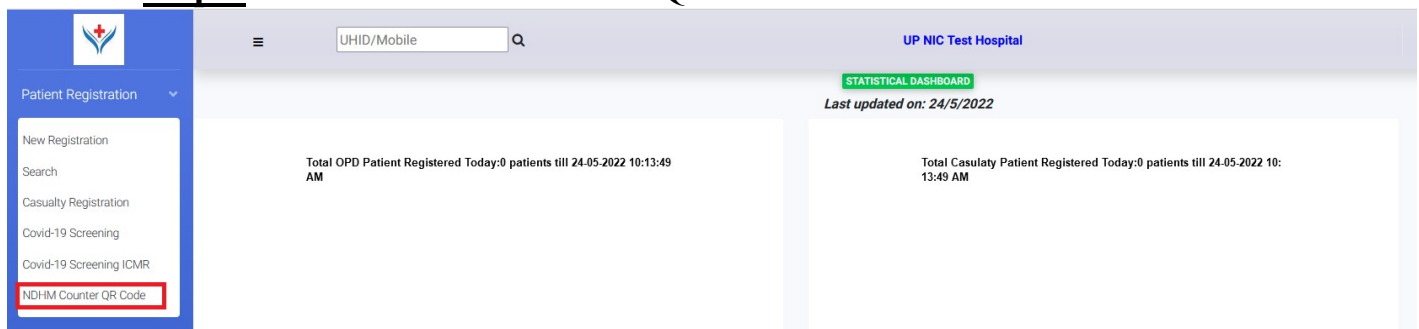

1.

Shared Profile

Option1=> Self Registration using Counter based QR Code

Page link: Patient Registration-> ABDM Counter QR Code.

Step1: Click on “ABDM Counter QR Code” Link.

Step2: Select Counter from the dropdown.

NDHM QR Code Generation For Self Registration

Select Counter ID
COUNTER - 8

 GENERATE QR CODE

Available Counter QR Code

Search:

Counter Name	Print
COUNTER - 1	
COUNTER - 2	

Step 3: Click on ‘Generate QR Code’ or Click on “Print icon” to generate QR code for the respective counter.

NDHM QR Code Generation For Self Registration

Select Counter ID
COUNTER - 8

 GENERATE QR CODE

Step 4: After clicking on the ‘GENERATE QR CODE’ Button the self-registration slip will be generated along with the QR code.

2.A

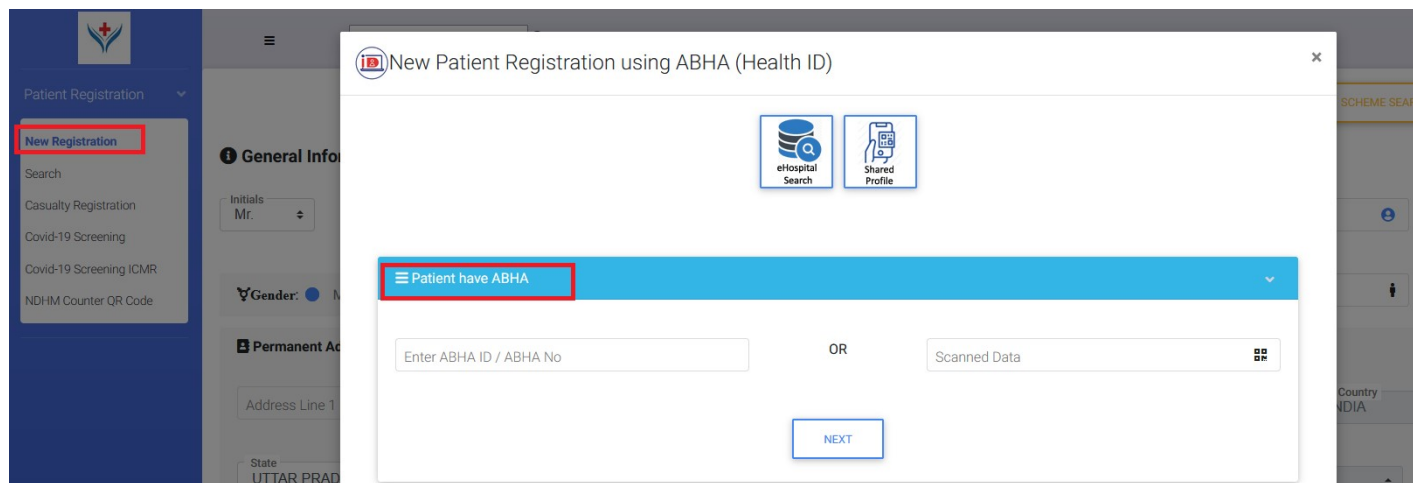

Registration using ABHA I'd Authentication

Option 2.A=> Registration using ABHA I'd Search Authentication

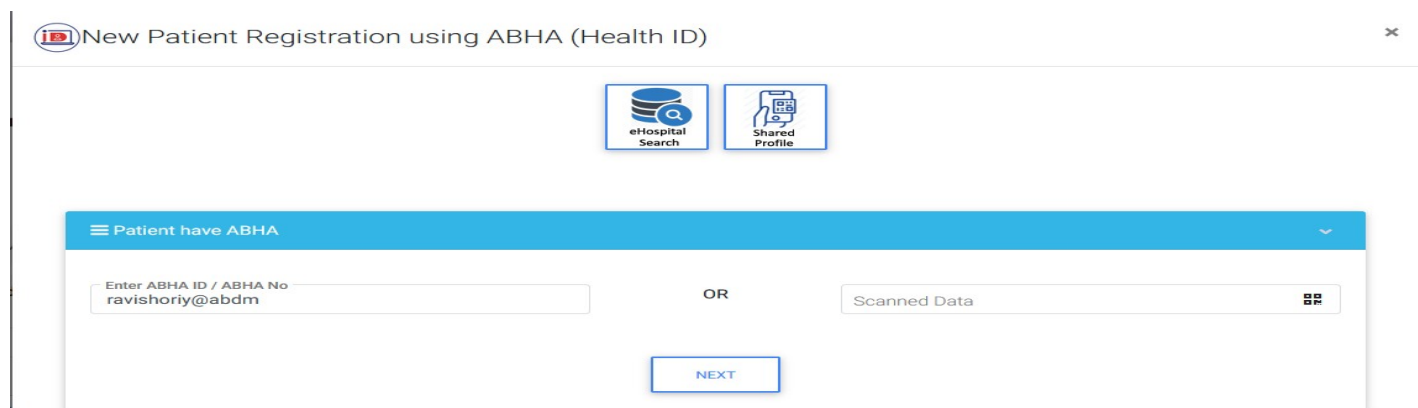

If the patient does not provide the ABHA card but remembers his ABHA Id or ABHA ID number, and then selects this option.

Page link: Patient Registration -> New

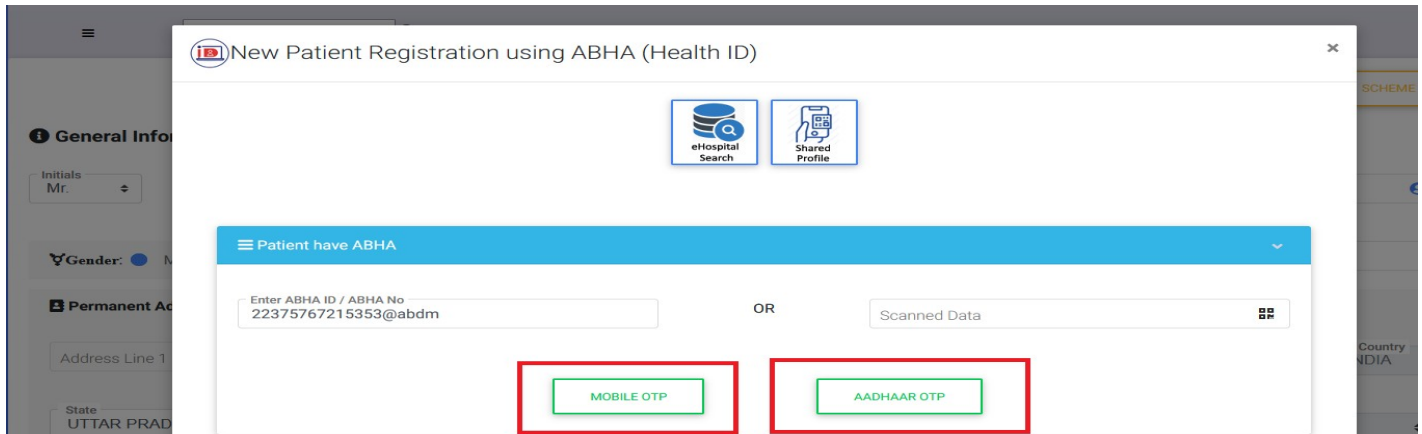

Registration.Step1: Click on “Search ABHA ID” icon.

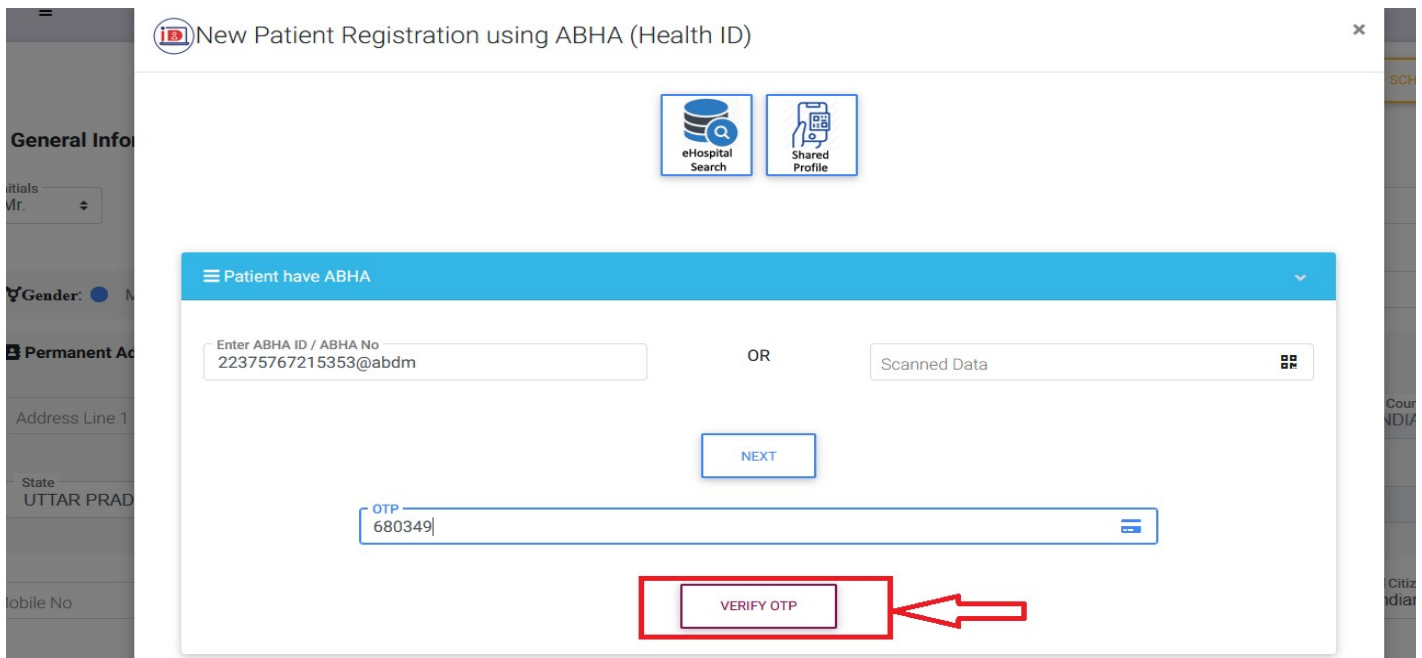

Step2: Enter ABHA ID and click on “SEARCH” button.

Step 3: Click on “MOBILE OTP or Aadhar OTP”

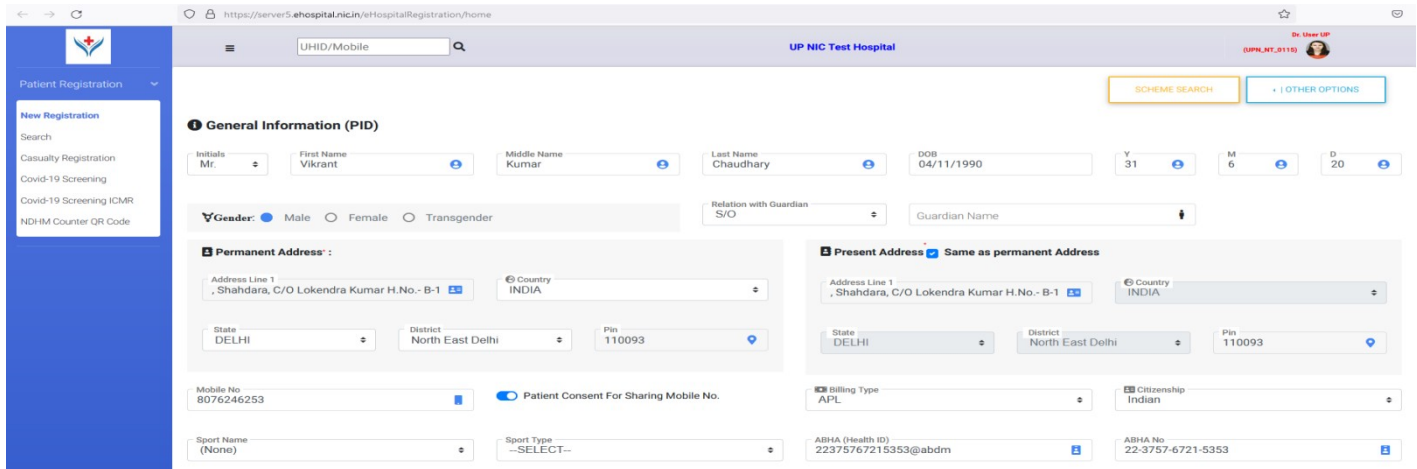

Step 4: Click on Verify OTP.

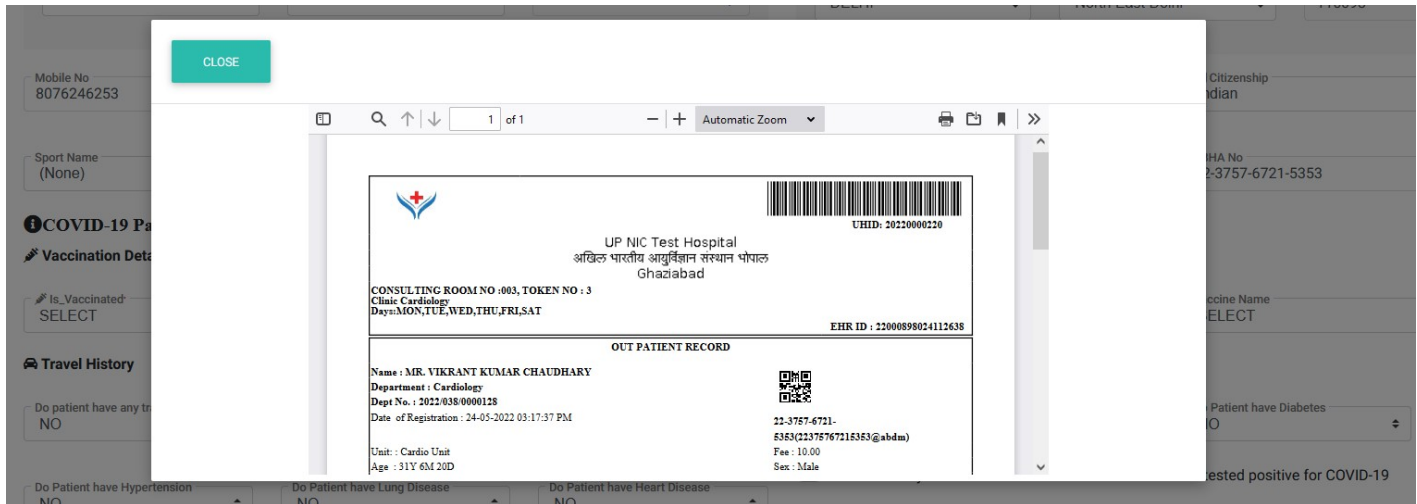

NOTE: - For new ABDM registration in particular hospital is not asking for OTP in revisit. While in old registration in NDHM it's asking for OTP.

Step5: Once the OTP verified Patient demographic data will be fetched and displayed in the respective fields.

The screenshot shows the 'UP NIC Test Hospital' registration page. The form is titled 'General Information (PID)' and includes fields for Initials, First Name, Middle Name, Last Name, DOB, Y, M, D, Gender, Relation with Guardian, and Guardian Name. Below this is the 'Permanent Address' section with fields for Address Line 1, Country, State, District, and Pin. A 'Present Address' section is also present, with a checkbox to 'Same as permanent Address'. The form also includes fields for Mobile No., Patient Consent For Sharing Mobile No., Sport Name, Sport Type, Billing Type, Citizenship, ABHA (Health ID), and ABHA No.

Step6: After click on “save” button, OPD slip will be generated.

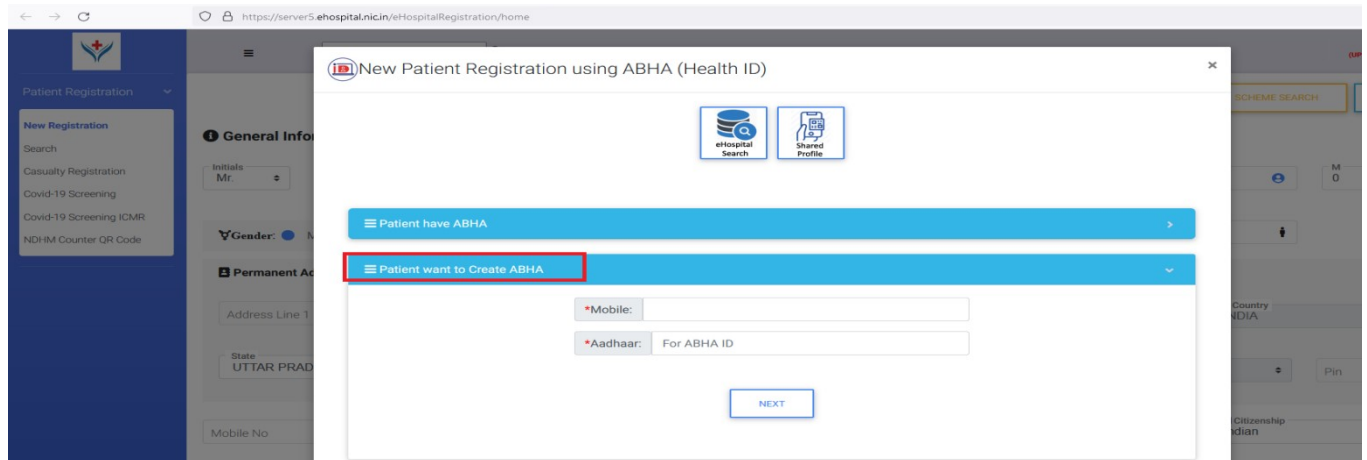

The screenshot shows the generated OPD slip for 'UP NIC Test Hospital'. The slip includes a barcode, the hospital name in Hindi and English, the consulting room number, token number, and days of operation. It also contains the patient's name, department, date of registration, unit, age, and sex. The slip is titled 'OUT PATIENT RECORD' and includes a QR code and the patient's ABHA ID and number.

2.B)

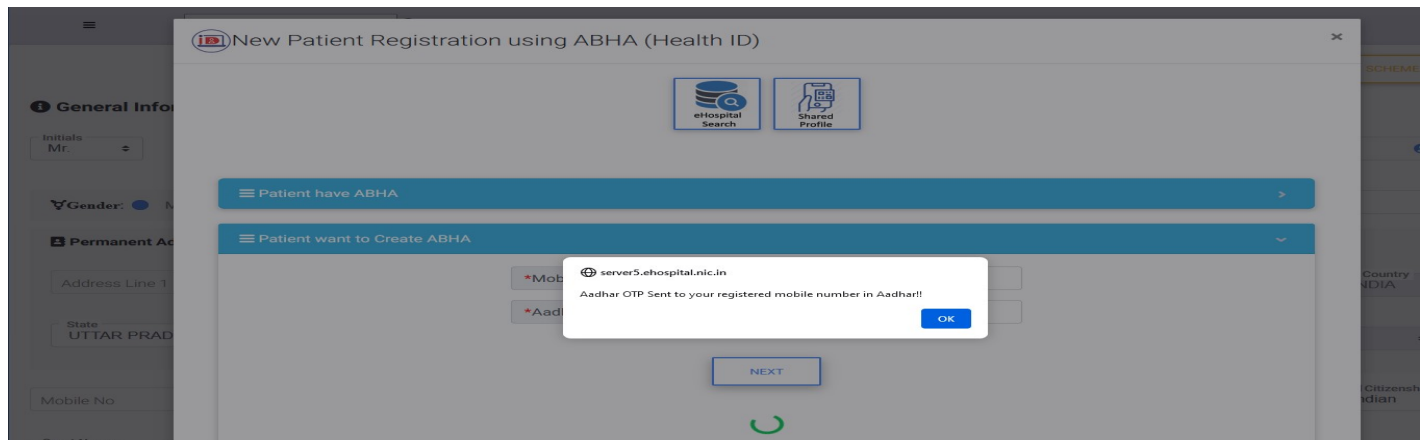

Patient wants to Create ABHA

Step 1 : User can create his ABHA ID from this link with his mobile linked with Aadhaar.

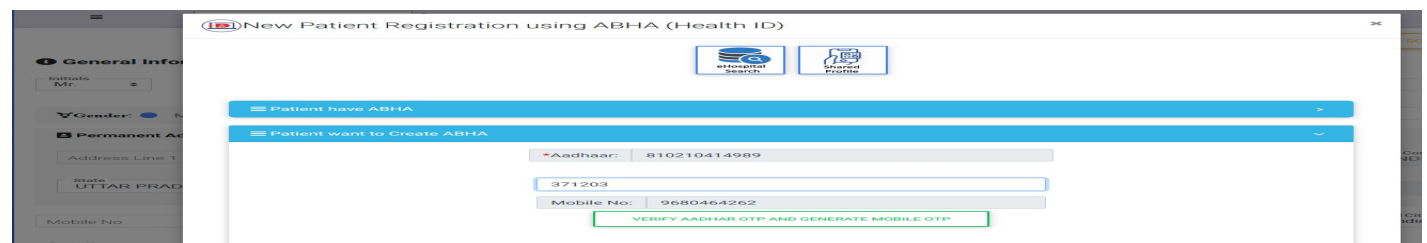

If user has already ABHA id then it will move to registration page.

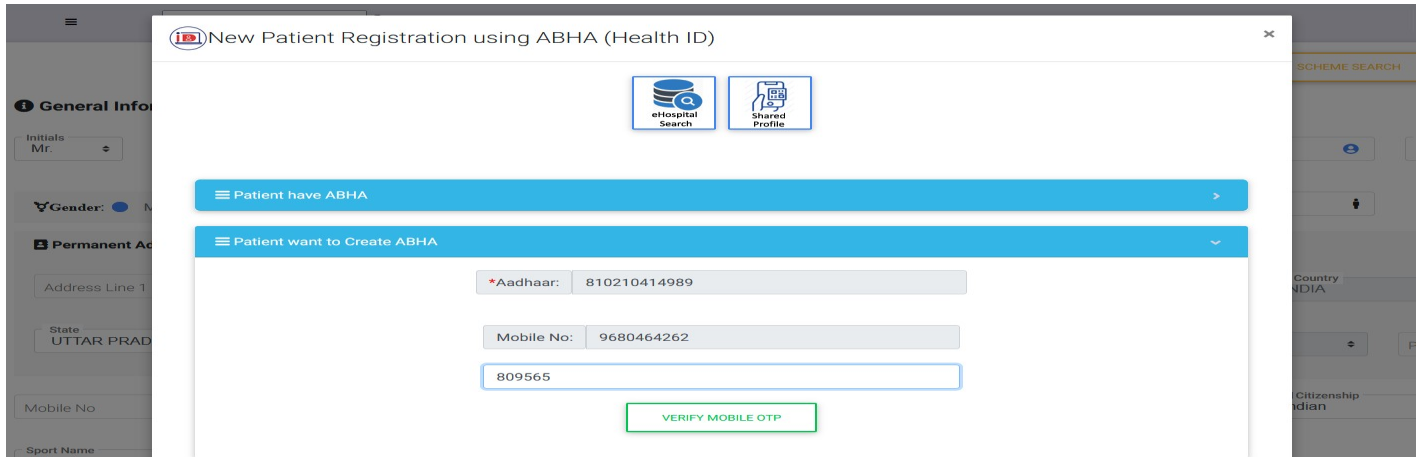

Step2: After filling the mandatory details clicking on 'Next' button for OTP verification.

Step3:- firstly verify the Aadhar otp.

Step4:- Then provide the mobile otp for verification.

Patient don't want to Create ABHA

Step 1: If Patient doesn't want to Create ABHA then it will move to new registration page

The image shows a modal window titled "New Patient Registration using ABHA (Health ID)". It contains two main sections: "Patient have ABHA" and "Patient want to Create ABHA". The "Patient want to Create ABHA" section is active and shows input fields for "Mobile" and "Aadhaar" (with a placeholder "For ABHA ID"). A "NEXT" button is visible below these fields. At the bottom of the modal, there is a red button labeled "PATIENT DON'T WANT TO CREATE ABHA".

The image shows the "New Patient Registration" form. It includes a sidebar with navigation options: "New Registration", "Search", "Casualty Registration", "Covid-19 Screening", "Covid-19 Screening ICMR", and "NDHM Counter QR Code". The main form is titled "General Information (PID)" and contains fields for "Initials", "First Name", "Middle Name", "Last Name", "DOB", "Gender", "Relation with Guardian", "Guardian Name", "Permanent Address", "Present Address", "Mobile No.", "Sport Name", and "Sport Type". The "Permanent Address" and "Present Address" sections are expanded, showing fields for "Country", "State", "District", and "Pin". The "Present Address" section also includes a "Billing Type" field.

Step 2:-Now fill the data manually and registered the patient.
